What the Monthly Fee Covers

The upfront setup covers the initial design, build, setup, and launch of your website and AI/lead capture system.

The monthly fee covers the ongoing support needed to keep everything running properly, including:

- Website hosting
- Website maintenance
- Basic technical support
- AI assistant management
- Lead capture system monitoring
- Website updates based on your package
- Ongoing improvements based on your package

Recommended Package

For most local Perth businesses, we recommend the **Growth Package**.

It gives you a professional website, AI enquiry assistant, lead capture system, automated customer reply, and monthly support without needing the full advanced automation setup.

Getting Started

The process is simple:

1. Discovery call
2. Choose your package
3. Pay the upfront setup invoice
4. Complete the onboarding form
5. BluePeek builds your website and AI system
6. Review and approve the website
7. Launch
8. Ongoing monthly support begins

Notes

- All packages are subject to project scope.

- Major changes outside the agreed package may require an additional quote.
- Timelines depend on how quickly business information, content, images, and feedback are provided.
- Passwords should never be sent through normal forms or email. If access is needed, BluePeek will provide a secure method for sharing details.
